**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-37 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1, 12, 19, 26 and 32 are allowable over the prior art of record since the cited references taken individually or in combination fails to particularly disclose a unit designed to generate a measure of the inter-packet gap by adding a partial measure of the size of a packet to a previous measure and determining if this new measure exceeds a threshold. The new measure is stored. It is noted that the closest prior art, Salett et al. (US 6226290) discloses a device that shrinks increased size interpacket gaps to reduced size interpacket gaps of the internal buffers are filled or above a high water mark. However Salett fails to disclose or render obvious the above underlined limitations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
